Research

Do you...

...work on food-related issues in North Central FL?
...have local food systems research or data?

**Help build a public clearinghouse of
North Central Florida food systems research**

We are seeking many kinds of resources, including:

- academic publications
- de-identified datasets
- reports
- brochures
- and more!

We are also interested in a wide range of food-related topics--see our web page for a full list of priority areas.
