Fast Facts about Receiving Food

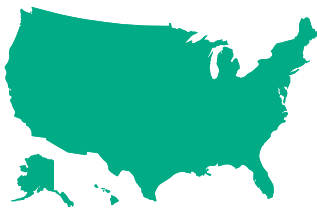

Mobile Friendly

Volunteers are always on the run! MEANS' website is mobile friendly, ensuring a smooth experience no matter where you are. We offer customizable text and email alerts so you can claim food on the go.

Only Receive What You Need

We won't drop food off on your doorstep that you can't use. When you create your account you tell us what kind of food you typically need and we only contact you about those. Then, you claim an item to be clear you want it!

Available Nationwide

MEANS has users in 49 states and the District of Columbia, so you can receive donations anywhere!

Free for Life for Nonprofits

Our nonprofit partners will never be charged for claiming food via MEANS. You shouldn't have to pay for donated food when you're serving those in need.

How to start receiving donations:

1. Head to <https://www.meansdatabase.org/signup>
2. Verify your non-profit status
3. Select the categories of donation you are interested in, and sign up for email, SMS alerts, or both
4. Wait for an alert to arrive, and then claim the donation if you want it
5. Pick up the donation and rate the donor
